PROFILE

A highly motivated and detail-oriented Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. Passionate about creating user-friendly, responsive web applications.

PROJECTS

● E-COMMERCE WEBSITE

<https://ramyas2002.github.io/food1/>

- HTML Creates the layout with sections for product listings, cart display, and checkout form. Lead, mentor, and manage a high-performing marketing team, fostering a collaborative and results-driven work environment.
- Styles the appearance with colors, fonts, and visual organization to enhance user experience.
- Handles core functionalities like adding/removing items from the cart, calculating totals, and updating the displayed cart information.

● PORTFOLIO

<https://ramyas2002.github.io/portfolio3/>

- Defines the website structure with elements like headings, paragraphs, lists, and image containers.
Controls the visual design with styling rules for colors, fonts, spacing, and layout
- Enables dynamic behavior like interactive menus, animations, form validation, and data fetching.
